

KONE

DESIGNED FOR SIMPLICITY,
BUILT FOR RELIABILITY

KONE Essentials™ DX - Residential

LOW-RISE RESIDENTIAL? WE'VE GOT YOU COVERED.

THE NEW KONE ESSENTIALS™ DX
- RESIDENTIAL LIFT HAS BEEN
ENGINEERED SPECIALLY FOR THE
DEMANDS OF LOW-RISE LIVING.

Our optimised, end-to-end design solution provides everything you need to get your project moving and have the confidence that KONE will deliver.

- Customised design for low-rise residential projects
- Meets critical New Zealand Standards
- Affordable and reliable KONE engineering

Every KONE Essentials™ DX lift includes; bank guarantees, storage, rubbish removal and more

WITH KONE, YOU'RE IN SAFE HANDS

We've worked with builders to understand what you need (and what you don't!) when delivering low-rise residential projects.

- Trusted installation expertise to keep your project on track
- Local lift experts, backed by KONE's global experience and proven quality
- Choose the size that fits your project
 - Various lift capacities and sizes to suit the specific regulatory needs and usage of your building

WITH KONE YOU'RE PREPARED FOR THE FUTURE

- Every KONE elevator comes with future-proofing technology through the use of open API's which allows your building to adapt to the needs of your residents and provides additional accessibility options*
- Peace of mind with full compliance to
 - ✓ EN81-20:2014 – European Lift Standard
 - ✓ NZS4332: 1997, Part 25.8 – Operation of Lifts Under Earthquake Conditions.

*Through the use of either KONE's API's or Partners

DX CLASS ELEVATORS

All of KONE's Elevators are DX Elevators, DX stands for Digital eXperience, because it redefines the elevator journey with built-in connectivity for improved people flow and a completely new and inspiring user experience. In an increasingly digitalised world, everything is connected, and elevators are no exception.

Get more value out of every square metre with built-in connectivity

All KONE Essentials™ DX lifts can help you get more value out of every square metre of your building. New services enabled by the KONE digital platform and KONE Partner Ecosystem, as well as application programming interfaces (APIs), make everyday life even easier and more convenient for everyone.

This can include things like integrating elevator status data with your building management system for easier monitoring and troubleshooting or allowing people to conveniently make elevator calls using a smartphone or other mobile device.

Differentiate with a redefined user experience

Redefine the elevator user experience, bring your vision to life, and inspire users with our new car interior designs, functional and durable materials, direct and indirect lighting, infotainment features, and user-friendly signalisation.

Plan for success with KONE as your partner

Make the right decisions first time and plan your elevator down to the very last detail with our next-generation planning and design tools. Take advantage of our expert support and sustainable materials and technologies to help you achieve green building certifications and ensure compliance with safety codes and standards.

Future-proof your building with built-in connectivity

The new KONE DX Class Elevator takes our market-leading eco-efficient elevators and adds connectivity to make them smarter and more desirable than ever before.

- Connected people flow means your elevator solution never stands still and your building gets better with every update.
- To bring you peace of mind in the digital world, cybersecurity and privacy are designed into our digital services and connections. Monitoring our digital environments around the clock helps us take proper care of them for you now and in the future.

Add innovative services that improve convenience and comfort

- Take advantage of digital solutions continuously developed by KONE to improve people flow like KONE Residential Flow, to make everyday life easier for residents and KONE 24/7 Connected Services for peace of mind throughout the elevator life cycle.
- With KONE APIs you also have the freedom to develop your own smart building solutions, allowing you to further customise the elevator experience to meet the needs of your building and its users.
- You can also benefit from solutions and services developed by the growing number of partners of the KONE Partner Ecosystem, which develops solutions that can be integrated with KONE DX Class elevators.

UPLIFT YOUR PROJECT WITH THE TRUSTED QUALITY OF A KONE LIFT

Give your project the edge with a choice of stylish lift interiors and the reliability that comes with selecting the trusted global leader in the industry.

- Stylish and modern range of painted metal and stainless steel wall finishes
- Eco-efficient LED lighting
- Range of durable floor options or the option to install your own
- Long lasting, durable doors

CHOOSE YOUR CAPACITY, CHOOSE YOUR STOPS.
